PROFESSIONAL SUMMARY

Ambitious and dual-qualified professional combining a **Bachelor of Education (Science)** with practical expertise in **Software Development** and **Cybersecurity**. Proven track record of leveraging technology to streamline operations—from digitizing university club records to building full-scale **Hospital Management Systems**. A disciplined **Physics/Chemistry Teacher** and **Volleyball Coach** who brings analytical problem-solving, leadership, and exceptional communication skills to every project. Seeking a role where I can utilize my technical acumen to build robust systems or my pedagogical skills to foster learning and innovation.

TECHNICAL & PEDAGOGICAL SKILLS

Category	Skills
Development	JavaScript, React, Node.js, Python, Django, HTML5, CSS3, Tailwind.
Data & Security	SQL, MongoDB, PostgreSQL, Network Scanning (Nmap), Vulnerability Assessment, Ethical Hacking.
Education	STEM Curriculum Design, Lab Safety & Management, Student Assessment, Classroom Management.
Soft Skills	Public Speaking, Team Leadership (Coaching), Technical Writing, Strategic Planning.

TECHNICAL PROJECTS

Hospital Management System (HMS) | Full-Stack Developer

- Developed a secure, HIPAA-compliant platform to manage patient records, appointments, and billing for **Zionahadi**.
- **Tech Stack:** React, Node.js, Express, MongoDB.
- **Impact:** Streamlined patient data retrieval and implemented Role-Based Access Control (RBAC) to ensure data privacy.

School Management System (SMS) | Backend Developer (In Progress)

- Building a centralized dashboard for tracking student grades (Physics/Chem), attendance, and fee payments.
- **Tech Stack:** Python (Django), PostgreSQL, Bootstrap.

Network Vulnerability Scanner | Cybersecurity Project

- Created a Python-based CLI tool to scan local networks for open ports and identify potential security risks.
-

PROFESSIONAL EXPERIENCE

Student Teacher (Physics & Chemistry) | Dr. Ribeiro Parklands School

June 2024 – August 2024

- Delivered engaging Physics and Chemistry lessons to secondary students, resulting in improved class participation and understanding of complex scientific principles.
- Integrated digital learning tools to visualize abstract concepts, enhancing student retention rates.

- Managed laboratory sessions, ensuring strict adherence to chemical safety protocols (Royal Society of Chemistry standards).
- Collaborated with senior faculty to refine curriculum delivery and assessment methods.

Chairman – Cyber Security Club | Taita Taveta University
2024 – 2025

- Spearheaded workshops and "Capture the Flag" (CTF) events to train peers in network security and ethical hacking.
- Fostered a culture of continuous learning, growing active membership by **30 %**

Data Officer – Chemistry Club | Taita Taveta University
2022 – 2024

- Digitization:** Led the transition from paper-based records to a digital database, reducing manual data entry errors by about **40%**.
- Governance:** Revised the club constitution to formally include data management protocols, ensuring long-term accountability.
- Analysis:** Processed club activity data to generate reports that influenced budget allocation and event planning.

EDUCATION

Bachelor of Education (Science) – Physics & Chemistry
Taita Taveta University, Voi | Graduation: August 2025

Kenya Certificate of Secondary Education (KCSE)
Buhuyi Secondary School | 2020

CERTIFICATIONS

- Software Development** – Power Learn Project (PLP) & Safaricom S-Hook (2025)
- Ethical Hacking** – Cisco Networking Academy (2025)
- Cloud & Network Security** – Cyber Shujaa (Ongoing)
- Data Protection** – Strathmore University (Ongoing)
- Chemical Safety & Security** – Royal Society of Chemistry (2024)
- Ubuntu Leaders Academy Certificate** – Ubuntu Global Network (2022)

LEADERSHIP & EXTRA-CURRICULAR

- Volleyball Coach:** Experienced in coaching teams, developing training regimens, and fostering discipline and teamwork under pressure.
- Participant, MICTEC Club:** Actively engaged in tech conferences and collaborative innovations.
